September 9, 2020

Dear Parents and Guardians,

As referenced in our previous communication, a daily health assessment is required under New York State's school reopening guidance to maintain the health and safety of our community. As a reminder for Orientation Day on Friday and students returning next week in the hybrid learning plan, all students must have the daily assessment completed prior to arrival each day. To do so, please go to: <http://svecsd.cayugahealth.com>. After you go to the website, you will then receive a daily email with the health screening information. Please complete your screening prior to riding the bus or arriving at school for in-person learning. You do not need to submit the health screening for days your child is distance learning.

Bus routes are now listed on our website at <http://www.svecsd.org/transportation.cfm>. Please note that they are subject to change and will be updated on the website as necessary.

Each school has created a reopening video to help ease the transition back to school for you and your child. These videos will be posted on our website for you to view at www.svecsd.org/WelcomeBackVideos.cfm.

Lastly, if you haven't yet, please go to www.svecsd.org/reopen.cfm to access parent/guardian permission forms, reopening documents and district communications, student expectations, distance learning resources, parent trainings and more!

Thank you for helping to keep our school community safe.

Be well,

Diahann Hesler

Superintendent of Schools
